design **and** interior creations

I am Andrea Visus, interior designer based in London.

My work is a search for meaningful experiences that connect people and spaces in new unexpected ways. From my background in brand strategy and product innovation, I bring a fresh perspective to projects, combining beauty and functionality with a strong conceptual element.

This is my portfolio so far, a mix of my own work and freelance collaborations with other designers.

Concept Board

Residential

Involvement: Full project

Client: Private

Status: Completed

Multi-Function Room

Soothing and inviting entertainment space to be used as art studio with a desktop working area.

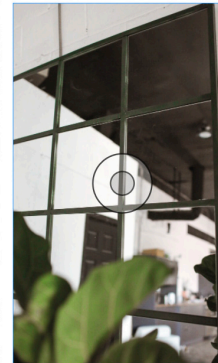

Concept Board and SketchUp views

Commercial

Involvement: Full project

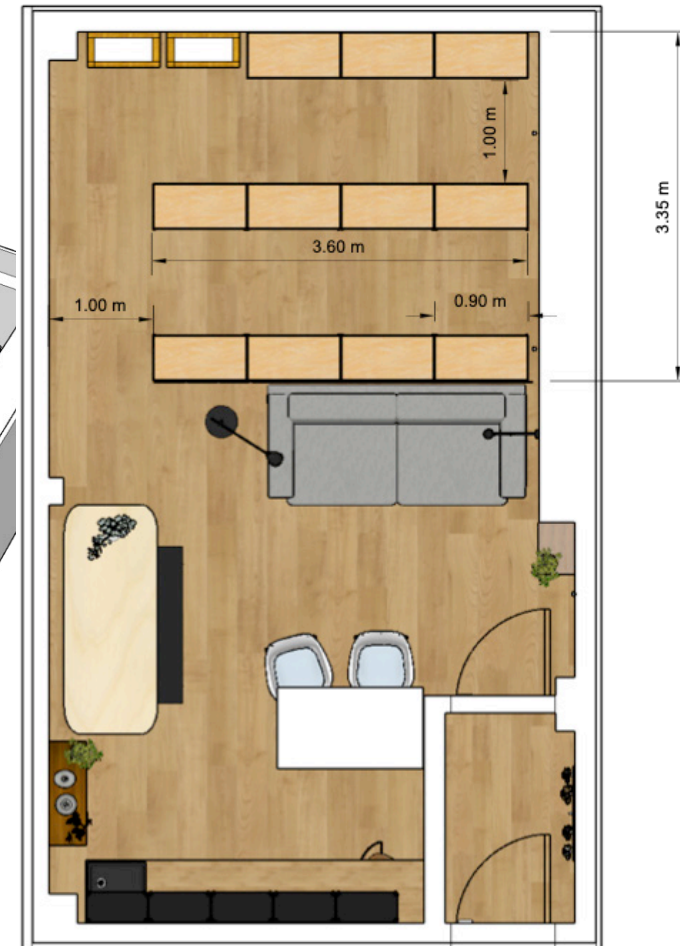

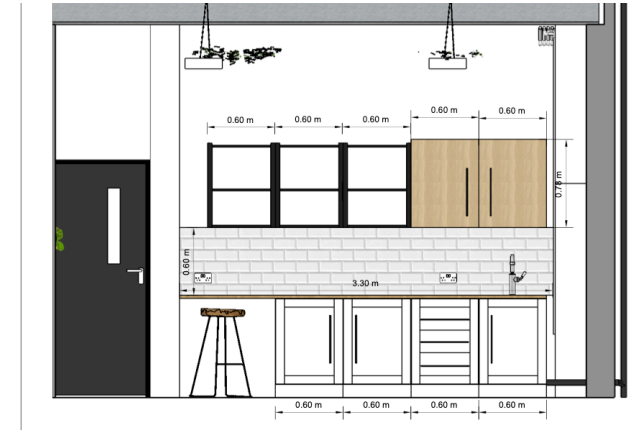

Client: Private

Status: Completed

Industrial nature

Industrial Nature is the regeneration of natural vegetation on industrial sites; the invasion of abandoned or disused industrial sites by colonising species; or new plantings on abandoned, disused or remediated industrial sites. [Wikipedia](#)

Workplace - Hammersmith

Design the working space, workshop and kitchen area for Holistic London (Aromatherapy and candles brand).

Concept Board

Residential

Involvement: Full project

Client: Private

Status: Completed

Home-Study Room

Room renovation and fitted furniture design working with a "Male wellness" concept idea.

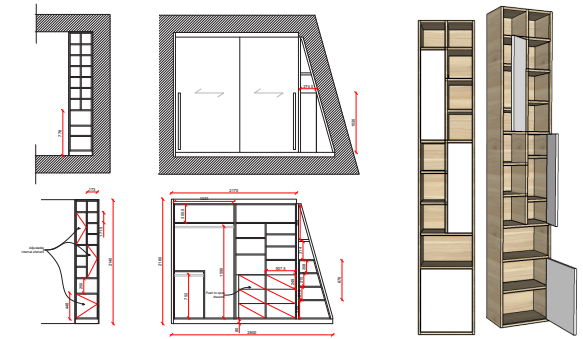

Dark wooden tones, black, and focused lighting are key elements used to achieve the desired atmosphere.

Fitted furniture sketches with Adobe Fresco

CAD and SketchUp - Joinery Package

Residential

Involvement: Full project

Client: Private

Status: Completed

Family Home Renovation

Fitted furniture design and FF&E procurement for a family flat in Ravenscourt Park

Toilet and Bathroom Design

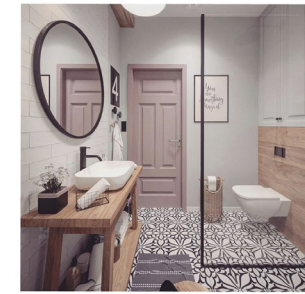

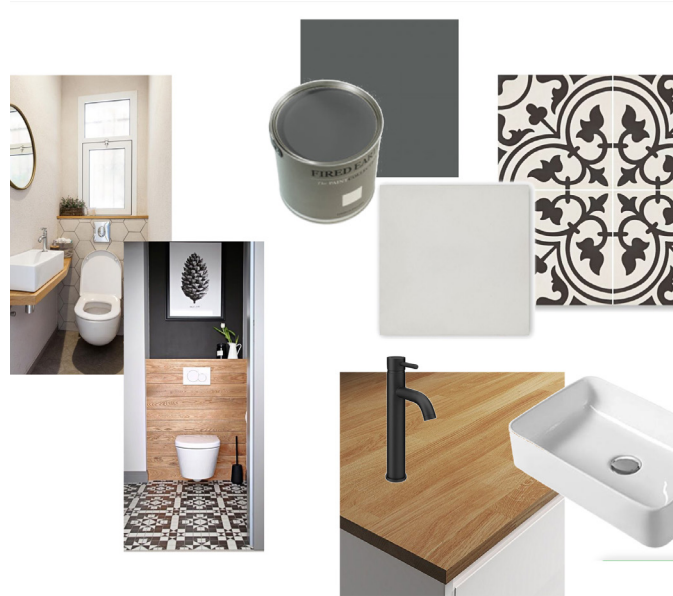

Moodboards and Sketchup views

Residential

Involvement: Full project

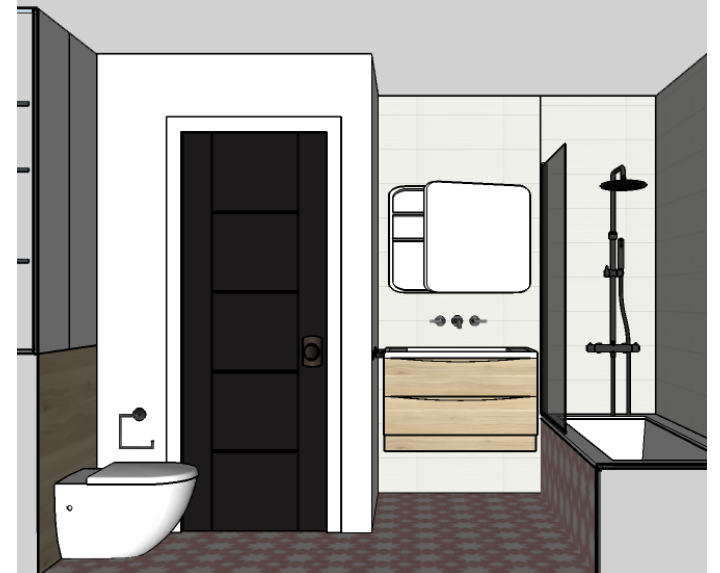

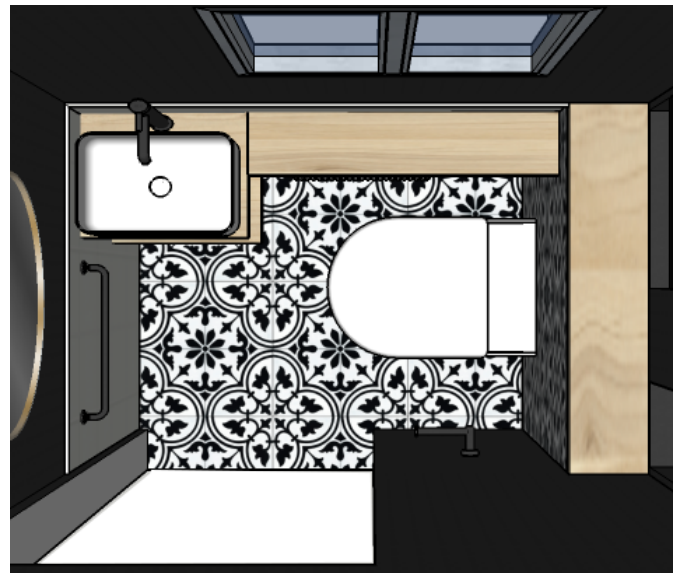

Client: Private

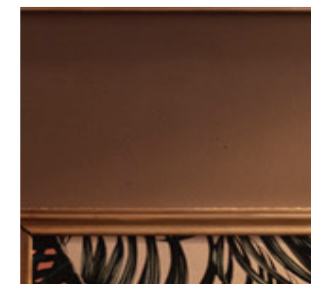

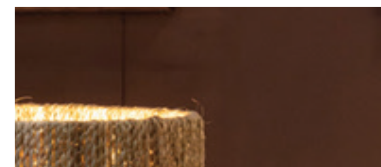

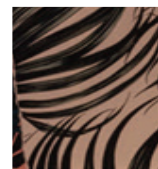

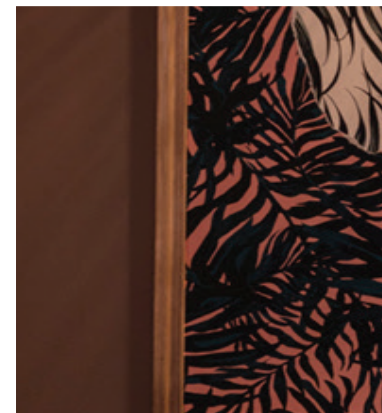

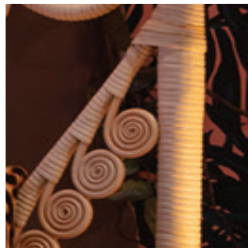

Status: Completed

Family Home Renovation

Bathroom redesign and sanitary ware procurement for a family flat in Ravenscourt Park
